

US 340 ROCK SLIDE REPAIR PROJECT

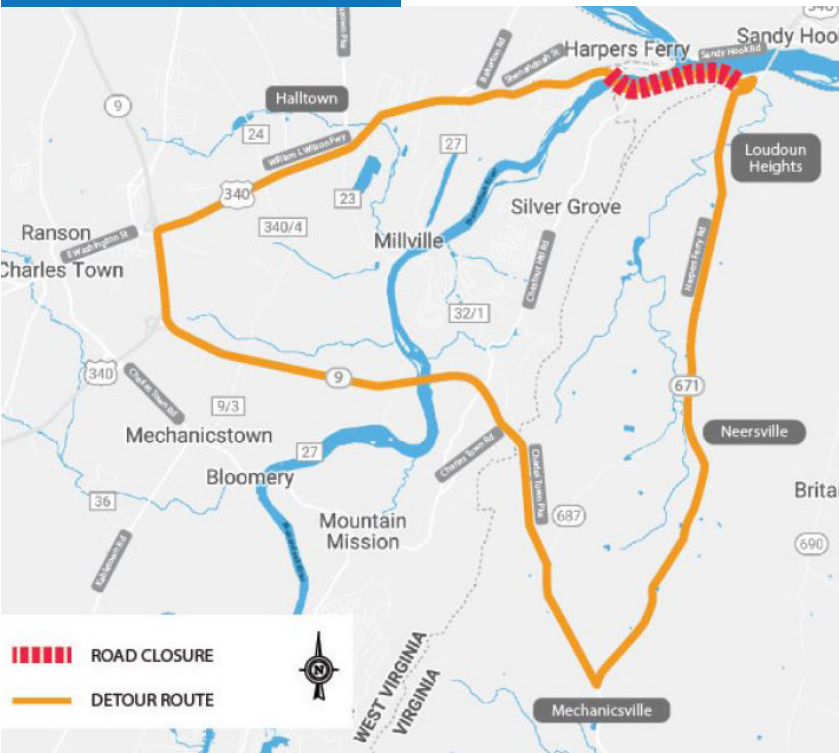

STATE PROJECT: S319-340-15.78.00
FEDERAL PROJECT: NHPP-0340(063)D US

OVERVIEW

The US 340 Rock Slide Repair Project in Harpers Ferry, WV will address safety issues associated with the rock-fall areas along US 340. The area currently has a high potential for rockfalls that impact public safety and vehicular mobility. For more details, please visit the project website at: us340harpersferry.com
